

Gentek Building Products reserves the right to discontinue or change any cladding system as manufactured. If the part or component of the Products originally installed is not available and Gentek Building Products determines to make a replacement, Gentek Building Products shall have the right at its option to substitute a compatible part or component or refund the cost to make the Product fully functional up to the cost of replacement cladding, apportioned on a pro rata basis.

Gentek Building Products does not warrant installation nor defects caused by installation. This Limited Warranty covers only the manufacturing defects specified herein. This Limited Warranty does not cover any other damages or material failure including, but not limited to, normal weathering, power washing or the use of harsh chemicals such as brick wash, acids, salts, abrasive cleaners or solvents, oxidation, accidents or intentional damage, or fire, flood, windblown objects, lightning, earthquake or other Acts of God, chemical pollutants, mildew, negligent maintenance, fading, misuse or abuse, building settlement or structural defects, or if subjected to stresses resulting from localized heat sources which cause excessive temperature differentials, or any other causes or occurrences beyond Gentek Building Products' control. This Limited Warranty does not apply if the Products are painted, varnished or coated with any other substance that is not factory applied. Gentek Building Products is not responsible for problems relating to barrier EIFS or any system that does not allow for the proper management of moisture within the wall system.

Normal weathering may cause any surface to oxidize, chalk or accumulate surface dirt or stains due to varying exposures to sunlight, weather and atmospheric conditions. The geographic location, the quality of the atmosphere and other local factors in the area, over which Gentek Building Products has no control, contribute to the severity of these conditions.

Condensation on the Products may occur as the natural result of humidity within the house or building area and changes in interior/ exterior temperatures, and does not indicate a defect in the Products. This Limited Warranty does not cover condensation, nor frost or freezing from condensation.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, THIS WARRANTY IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES, GUARANTEES, CONDITIONS AND REPRESENTATIONS, EXPRESS OR IMPLIED, ORAL OR WRITTEN, STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED CONDITIONS OR WARRANTIES AS TO THE MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OF THE WARRANTED SYSTEM. THIS LIMITED WARRANTY SHALL BE THE OWNER'S SOLE AND EXCLUSIVE REMEDY AGAINST GENTEK BUILDING PRODUCTS AND UNDER NO CIRCUMSTANCES SHALL GENTEK BUILDING PRODUCTS BE LIABLE FOR AN AMOUNT GREATER THAN THE ORIGINAL INSTALLED COST OF THE SYSTEM OR FOR ANY CONSEQUENTIAL, SPECIAL, INCIDENTAL OR OTHER DAMAGES INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, LOSS OF USE, OR DAMAGE TO THE BUILDING OR ITS CONTENTS. INCIDENTAL AND CONSEQUENTIAL DAMAGES SHALL NOT BE RECOVERABLE EVEN IF THE REMEDIES OR THE ACTIONS PROVIDED FOR IN THIS WARRANTY FAIL OF THEIR ESSENTIAL PURPOSE. GENTEK BUILDING PRODUCTS SHALL NOT BE LIABLE FOR ANY DAMAGES WHICH ARE BASED UPON

NEGLIGENCE, GROSS NEGLIGENCE, BREACH OF WARRANTY, BREACH OF CONTRACT, STRICT LIABILITY OR ANY OTHER LEGAL THEORY OF LIABILITY OTHER THAN THE EXCLUSIVE LIABILITY SET FORTH IN THIS WARRANTY. IF PURCHASER DOES NOT ACCEPT THESE TERMS, PURCHASER MAY RETURN ALL CONTAINERS OR PACKAGES OF PRODUCT PURCHASED FOR A FULL REFUND WITHIN 30 DAYS OF PURCHASE. RETENTION OF PRODUCT BEYOND 30 DAYS OR USE OF PRODUCT SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS, CONDITIONS AND DISCLAIMERS.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This Limited Warranty gives you specific legal rights and you may also have other rights, which vary from state to state. Gentek Building Products does not authorize any person, including its representatives, to make any representation or to offer any warranty, condition or guaranty in respect of the system other than this Limited Warranty. This warranty cannot be modified except in writing signed by Gentek Building Products warranty manager.

CLAIM PROCEDURE

Any claims for defects under this Limited Warranty should be submitted online at www.gentekinc.com/support/warranties/ promptly and no later than 30 days after discovery of the claimed defect, describing the defect claimed and referring to this Limited Warranty and date of installation, together with the name of builder/contractor, proof of purchase, proof of property ownership and transfer info as requested. Allow a reasonable time for inspection purposes if determined to be necessary. Should there prove to be no defect in the Products, or the remedy sought by the owner lies outside the scope of this Limited Warranty, Gentek Building Products may seek reimbursement and owner agrees to promptly reimburse Gentek Building Products for the cost of any such inspection, including removal and reinstallation costs, costs related to gaining access to the Products, plus an administrative fee of \$250.

CARE AND CLEANING

Like any other exterior siding surface, Gentek Building Products ALIGN Composite Cladding will have dirt exposure from atmospheric conditions. Ordinarily, the cleaning action of rainfall will be adequate to wash the cladding. However, cladding should be rinsed periodically with a garden hose and clear water, particularly in those areas not exposed directly to rain. If you desire a more thorough cleaning, or where high soil collection conditions occur, follow these simple instructions:

1. Use a soft-bristled, long-handled washing brush that attaches to your garden hose. This tool brush will make washing your siding easier. Do not rub vigorously, as this may create glossy areas over the cladding finish.
2. For hard-to-remove dirt, such as soot and grime found in industrial areas, wipe the siding down with a solution consisting of the following ingredients:
 - 1/3 cup powdered detergent (Tide®, Fab® or equivalent powder detergent)
 - 2/3 cup household cleaner (SoilMax®, Spic & Span® or equivalent)
 - 1 gallon water
3. If mildew is a problem in your area, prepare the solution above but substitute 1 quart of laundry bleach for 1 quart of water.

4. If you wash down the entire house, start at the bottom and work up to the top, as less streaking will result.
5. It is important that immediately following all washing operations, the entire surface be thoroughly rinsed with fresh water from a garden hose. Avoid prolonged or high pressure rinsing of open, ventilated areas.
6. For best results when using a cleaning solution, select an overcast cool day (55°-75°F/13°-24°C) and wash only small areas at a time. This should allow the wet cleaning solution to remain in contact with the finish for a period of not less than 3 minutes; then rinse with clear water before it has a chance to dry.

CAUTION: GREATER CONCENTRATIONS MAY CAUSE DAMAGE TO THE CLADDING FINISH. DO NOT USE CLEANERS CONTAINING ABRASIVE PARTICLES, SOLVENT OR AMMONIATED-TYPE CLEANERS OR PAINT REMOVER FOR CLEANING THE CLADDING. WHEN USING ANY OF THE ABOVE CHEMICAL CLEANING AGENTS, OBSERVE THE CHEMICAL MANUFACTURER'S RECOMMENDED SAFETY PRECAUTIONS. PROTECT AGAINST CONTACT OF THE SOLUTION WITH EYES OR SKIN.

This cleaning and maintenance information is suggested in an effort to be of assistance; however, Gentek Building Products can assume no responsibility for results obtained which are dependent on the solution chemicals as prepared and method of application.
